

# Extra-Credit Free Draw Guidelines

Students are reminded that in addition to assigned sketchbook exercises, they are also encouraged to complete additional extra-credit drawings based on observed subjects of their choice (no drawings from photographs). These drawings should be numbered (F1, F2 etc) and notation of time spent on the drawings should also be included. Multiple drawings may be utilized to complete the one-hour time commitment and should be appropriately labeled (ie F1a, F1b etc.) Drawings with more than a one-hour time commitment will receive extra credit points for the total hours spent (ie. F1-F3 for a three hour drawing).

These will be reviewed at midterm and the conclusion of the semester. Color and variety of media are encouraged.
